

## My Father's House ICDC Bible Reading Program

There is a great strength to every believer to immediately get grounded and rooted in the word of God. Therefore we have suggested a Bible reading format that will cause people to maximize their Bible study.

The Bible is broken down to specific types of writings: Narrative, Historical, Prophetic, Poetic, Synoptic, Epistles and Apocrypha.

A person's first thought is to read the Bible from beginning to end. This sounds logical, but it has been our experience that many become very confused by this approach. Below is the recommended order we suggest people to read their Bible. By reading in this order, you will find at the conclusion of their Bible reading a better foundation.

At the conclusion of your reading through your entire Bible, we will provide members of our ministry with a certificate of completion.
